Risk Warning

- Your capital is at risk. Spread Betting/CFDs are not suitable for all investors. Please ensure that you understand the risks involved. If necessary, obtain independent financial advice to ensure these products fit your investment objectives.
- David Jones is an independent market analyst. This presentation does not contain (and should not be construed as containing) investment advice or an investment recommendation, or, an offer of or solicitation for, a transaction in any financial instrument. David Jones and Ayondo Markets accepts no responsibility for any use that may be made of these comments and for any consequences that result.
- Disclaimer: Spread Betting is currently free from Capital Gains Tax (CGT) and there is no stamp duty. It should be noted that tax treatment depends on your individual circumstances and may be subject to change in the future.

Spread Betting: The Benefits

Typically tax free for UK residents

Social Trading - The Concept

- Straight forward enough: other traders make their trades and historical profit and loss visible
- You can view their track record and filter using own criteria
- Build a portfolio of up to five whose trades you want to copy
- Choose the level of risk you are comfortable with
- That's it - in effect you are portfolio manager
