“Intended for Retail Clients”

“In the 20th century, the United States endured two world wars and other traumatic and expensive military conflicts; the Depression; a dozen or so recessions and financial panics; oil shocks; a flu epidemic; and the resignation of a disgraced president. Yet the Dow rose from 66 to 11,497”

How to beat the market

- Focused funds – concentrated (fewer stocks) and contrarian (positioned against the market)
- High active share* – best idea selection and clients are not exposed to closet index trackers
- Small and mid-cap investing
- Director dealings – significant indicator of future prospects
- Fund manager invested – incentive to outperform
